

Native and Non-Native* Caterpillar Host Plants for Showy Butterfly Species.

In order for butterfly populations to survive, their young (the caterpillars) must have plants to eat. Unlike moth caterpillars, the caterpillars of most butterfly species are found at low enough densities that they do not totally defoliate their host plant.

*** Non-native host plants are indicated by an asterisk**

CATERPILLAR HOST PLANTS

Asters

Black Cherry (*Prunus serotina*)
(other *Prunus* also used)

Carrot Family including Queen Anne's Lace* and
many herb garden plants, e.g., Parsley*, Fennel*,
and Dill*

Common Lilac*

Curled Dock* (*Rumex crispus*)

Dogwood (*Cornus spp.*)

Eastern Red-cedar (*Juniperus virginiana*)
(usually stands, not single trees)

Everlastings (including *Anaphilis margaritacea*,
Antennaria plantaginifolia) and other Composites

New Jersey Tea (*Ceanothus americanus*)

Lamb's-quarters* (*Chenopodium album*)
(generally regarded as a weed)

Lupine* (*Lupinus*)
(the only CT native Lupine is
Wild Lupine [*Lupinus perennis*])

Milkweeds (*Asclepias spp.*)

BUTTERFLY

Pearl Crescent

Coral Hairstreak (on Wild Plum)
Eastern Tiger Swallowtail
Red-spotted Purple
Striped Hairstreak (on Wild Plum)

Black Swallowtail
caterpillars cause heavy defoliation

Tiger Swallowtail

American Copper

Spring Azure, Common Blue

Juniper (Olive) Hairstreak

American Lady

Spring Azure, Common Blue

Common Sootywing

Eastern Tailed Blue

Monarch

HOST PLANTS (continued)

Nettles (*Urtica* spp. [some native, some not]),
False Nettle (*Boehmeria cylindrica*),
Wood Nettle (*Laportea canadensis*)

Oaks (*Quercus* spp.)

Pea Family including many non-native species,
such as Clovers*, Sweet-clovers* and Alfalfa*

Purpletop (=Tall Redtop; *Tridens flavens*)
(an often-planted native bunchgrass
considered to be an aggressive weed by some
sources)

Sassafras tree (*Sassafras albidum*)

Sheep-sorrel* (*Rumex acetosella*)
(generally regarded as a weed)

Snapdragon* (*Antirrhinum majus*)

Spicebush (*Lindera benzoin*)

Tulip-tree (*Liriodendron tulipifera*)

Turtlehead (*Chelone glabra*)

Viburnum (*Viburnum* spp.)

Violets (*Viola* spp. – most are native)

Willows (*Salix* spp., scrubby ones; some *)

Wild False Foxgloves

Aureolaria (formerly *Gerardia*) *flava*
Aureolaria (formerly *Gerardia*) *pedicularia*
Aureolaria (formerly *Gerardia*) *virginica*

BUTTERFLIES (continued)

Eastern Comma
Question Mark
Red Admiral

Banded Hairstreak
Edward's Hairstreak
Juvenal's Duskywing
Red Spotted Purple

Clouded Sulphur
Eastern Tailed Blue
Orange Sulphur
Silver-spotted Skipper

Common Wood Nymph
also Crossline Skipper
Little Glassywing
Zabulon Skipper
(Note: the Skippers are not strongly showy)

Spicebush Swallowtail

American Copper

Common Buckeye

Spicebush Swallowtail

Eastern Tiger Swallowtail

Baltimore Checkerspot

Spring Azure, Common Blue

Fritillaries

Viceroy
Mourning Cloak

Baltimore Checkerspot

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.
